

# Chindwin River Basin Organization (CRBO) for Sustainable Water Resources Management

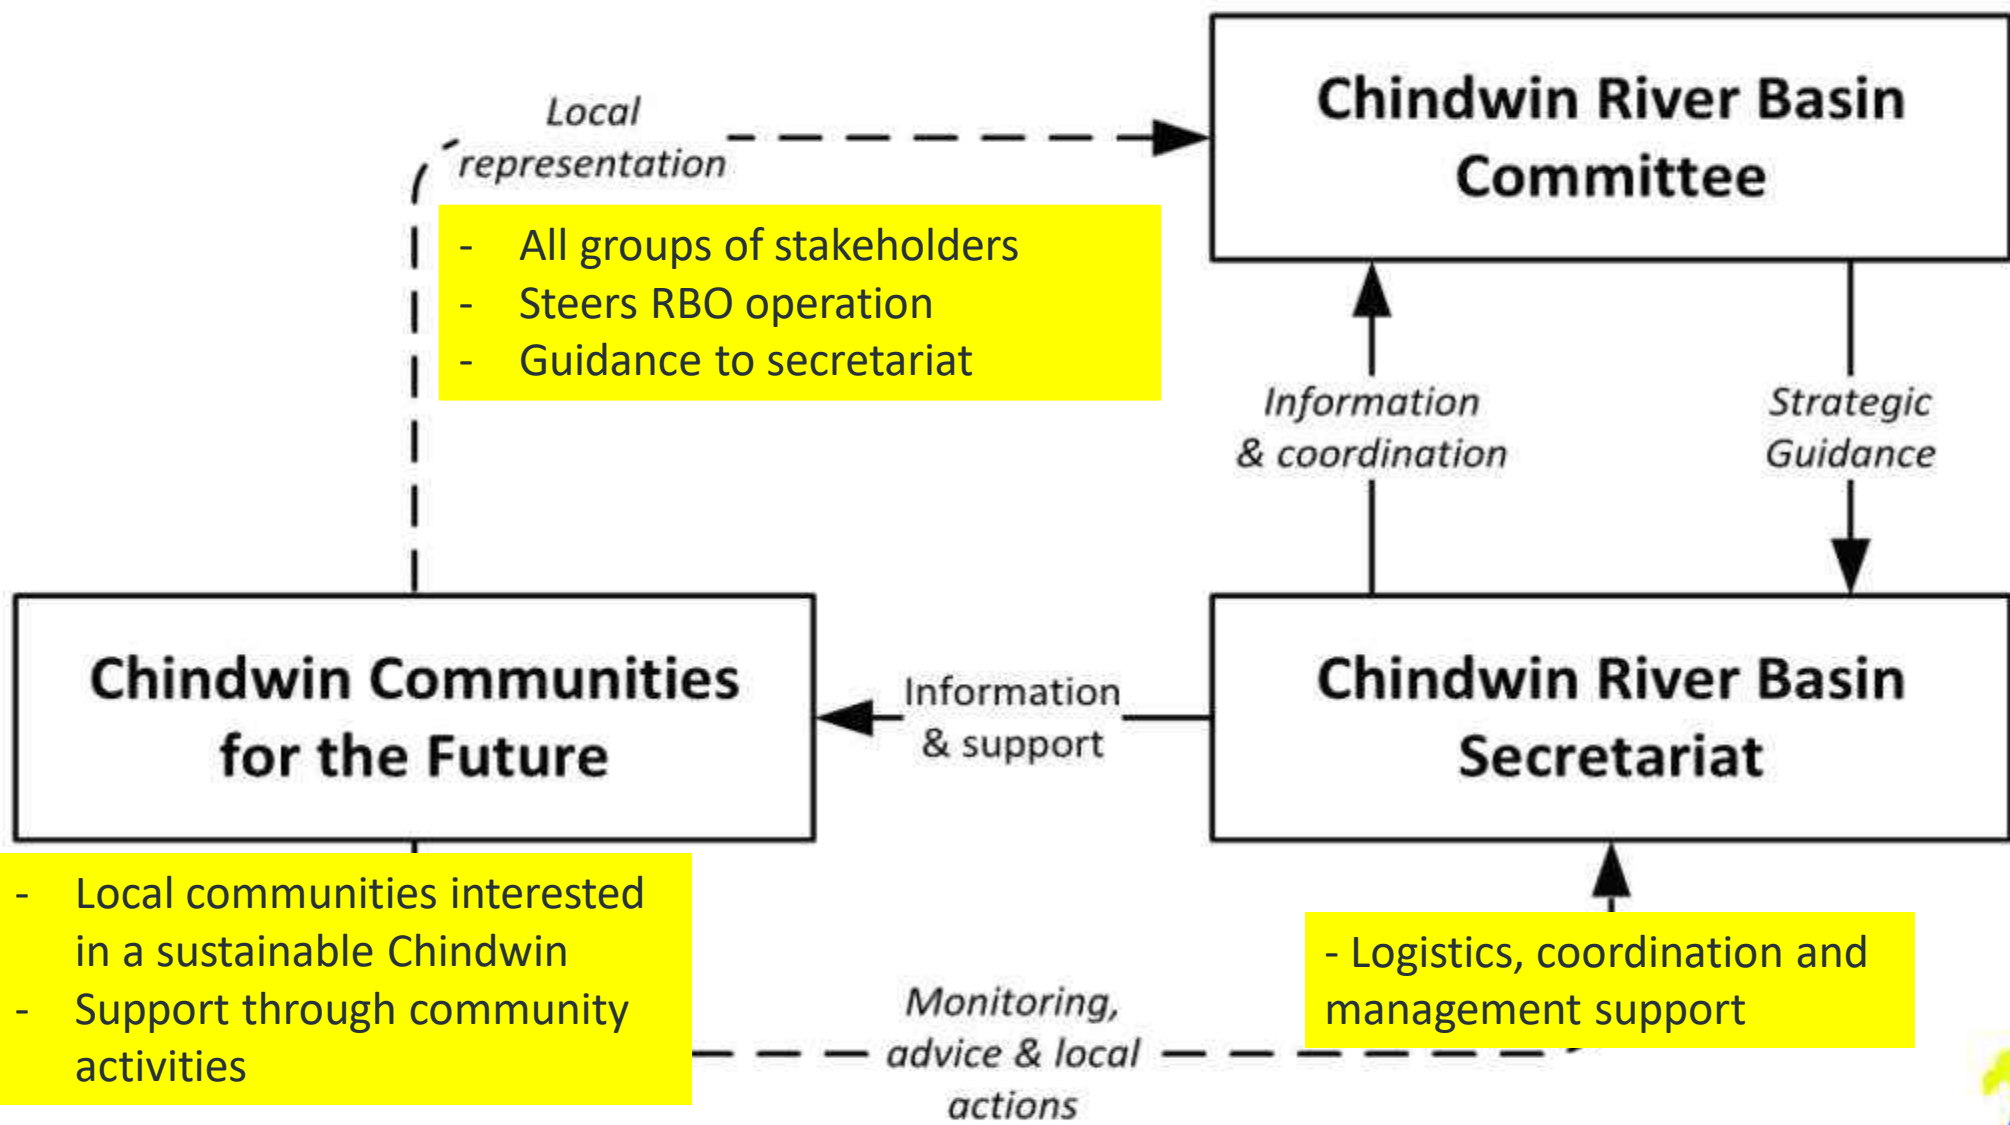

Presented by May Thazin Aung and Than Htway  
Lwin (SEI Asia)

# Bridging science, policy and practice

*How can we achieve a sustainable, prosperous  
future for all?*

Governance and structure of the CRBO

# Progress made on the Chindwin RBO

**Design of RBO** started in 2014 with intensive consultations among stakeholders. The proposal for Chindwin RBO establishment was approved by the Sagaing regional government in 2017.

**Chindwin River Basin Committee (RBC):** About 60 members representing the government, NGOs, university, private sector, parliamentarians and

**Renovation of RBO Secretariat office** in Monywa provided by Sagaing regional government completed in early 2018 and is being used for meetings among RBC members time to time.

**5 Chindwin RBC sub-committees** were formed in early 2018 to carry out several tasks assigned.

**Chindwin RBO's logo** has been designed and finalized for official use in 2019.

**Saving the Chindwin Campaign** university students, professors and other community members organized a trash clean up and awareness raising in February 2019.
