

Job Announcement

Junior Project Consultant – Yangon, Myanmar

Date: 1 June 2022

The Water Agency is a social enterprise company based in the Netherlands that aims to connect and inspire people and organizations around the world to collaborate for clean and safe water in Asia.

Through our Water Hubs, Asia Water Hubs in Indonesia, Myanmar, Vietnam, China and Australia and Liaison Hub in the Netherlands, we support local and international partners to identify and develop opportunities to address critical water and climate challenges in the region.

Job Title:	Junior Project Consultant
Number of Position:	1
Based Location (Office):	Yangon, Myanmar
Report to:	Country Water Hub Manager
Deadline:	19th June 2022

JOB DESCRIPTION:

The Consultant will work directly with/report to the Water Hub Manager Myanmar, and the Managing Director of The Water Agency. Depending on the projects, you will also work together with the offices in Indonesia, Vietnam, the Netherlands, and Australia.

As a **Junior Project Consultant**, your duties will include, but are not limited to:

- Execute assignments for our clients, which may include performing market studies, **assisting in capacity building programs** to the projects, developing relationships/network with local stakeholders, organizing of events (workshops, seminars, etc.), local representation at exhibitions, identifying potential clients, etc.
- Acquire new assignments for The Water Agency, both from local Myanmar and international clients.
- Build a strong local network of partners and stakeholders. To this end, you will initiate new contacts, make appointments for introductions; attend network events, workshops, seminars, etc.

- Acquire and create **content, graphics and marketing materials** for the Myanmar Water Portal, and Yangon Htee City Page, Online Water Education Platform. Liaise on a regular basis with the other TWA contacts for the portals in Indonesia and Vietnam and the main developer in the Netherlands.
- Support the TWA team with local market intelligence, **business development** and organization of activities (e.g., network events, Capacity Building activities, etc.).
- Update the TWA social media channels with recent news about the TWA Water Hub Myanmar activities.

SPECIFICATION

- Background preferably in social sciences, business development or architectural field (strong urban planning & placemaking concept) is required
- Showcase some experience of working activities related to one of the above fields
- Excellent communicative skills, fluency in both written and spoken English
- Good reporting & analytical skills
- Knowledge of the local context and local dynamics of Myanmar Water Sector, Climate Change & Environmental Issues, etc. is an advantage.
- Able to work independently, creatively and manage multiple tasks
- Ability to work under stressful conditions
- Willingness to travel areas as requirement of projects

APPLICATION PROCESS:

Interested candidate need to submit the CV and cover letter with at least one referee check person from direct supervisor and send to The Water Agency at niniwin@thewateragency.com quoting “**Junior Project Consultant_Yangon_Myanmar**” in the subject line by latest **19th June 2022 (Sunday), 5:00PM MM Time.**

Only shortlisted candidates will be notified.
